*Excitement Magazine knows what the ladies like to drink! So mix up some fore-play in a glass for your special someone! We promise she'll be impressed.*

## Cherry Pussycat

The ingredients:

1 ounce vodka  
1 ounce Cherry Schnapps  
1 ounce cherry mix  
fill pineapple juice  
ice

The instructions: This drink belongs "on the rocks". So serve it with ice! For other flavors, leave out the cherry mix and substitute it with a different one. What about a Peach, Blackberry, Raspberry, Strawberry, or Wildberry Cherry Pussycat?

## Masturbating Butterfly

The ingredients:

3/4 ounce of Absolut® vodka  
3/4 ounce of Midori® melon liqueur  
3/4 ounce of Jagermeister®  
3/4 ounce of Sprite® soda  
3/4 ounce of sweet and sour mix

The instructions: This drink goes "on the rocks", too! Pour the Absolut®, Midori®, and the sour mix into a glass with ice. Splash with the Sprite®. With a spoon turned scoop side down, "float" your shot of Jagermeister® on top.

(To layer, or "float" an ingredient – i.e. creams and liqueurs - on top of another, use the rounded or back part of a spoon and rest it against the inside of the glass. Slowly pour down the spoon and into the glass. The ingredient should run down the inside of the glass and remain separated from the ingredient below it. Learning the approximate weight of certain liqueurs and such will allow you to complete this technique more successfully, as lighter ingredients can then be layered on top of heavier ones.)

## Apple Pucker Mother Fucker

The ingredients:

1/2 ounce of Absolut® vodka  
1/2 ounce of Apple Pucker

The instructions: Mix 1/2 ounce of Absolut and 1/2 ounce of Apple Pucker in a shot glass.

## Booty Call

The ingredients:

1/2 ounce Hpnotiq®  
1/2 ounce peach schnapps  
1 splash pineapple juice

The instructions: Shake ingredients over ice, strain into a shot glass and serve.

## Creamy Sex on the Beach

The ingredients:

1/2 ounce vodka  
1/2 ounce Malibu® coconut rum  
1/2 ounce peach schnapps  
1 1/2 ounce pineapple juice  
1 splash grenadine syrup  
1 ounce whipped cream

The instructions: Pour the vodka, Malibu® rum, peach schnapps, pineapple juice and grenadine into a cocktail shaker half-filled with ice cubes. Add the whipped cream, and shake vigorously until frothy. Pour into a small highball glass and serve.
