FROM THE EDITOR

Birdman of Tybee

"Pimpin' ain't easy, but someone's gotta do it" - that's the expression, I believe. Well, editing an adult magazine is not easy either, but someone's gotta do it. Photoshopping shaving zits out of female genitalia all day long and figuring out which photos make you more horny is almost just as exhausting as shrimping in Alaska, but I have to pay my child support and put my daughter through college some day.

That brings me to another point. Ever since I became a dad, my girlfriend has been collecting issues of Xcitement Magazine hoping that she would find some material that she could present to the court while we're fighting for the custody of our daughter. And now that we are rapidly expanding the distribution North of Atlanta she won't even have to drive 2 hours to pick up a copy.

I'm not going to deny - my job definitely took me places where no penis should go, however that was way before I had a daughter. I look through the old issues and there are many photos with what looks like my face and lots of titties and asses around me. But IF that was me, I probably thought I was in a car accident and those tits looked like airbags so I was reaching for them to save my own life. See?

So now that we're expanding our distribution North, East, West and South, where the demand seems to be getting higher, make sure you stop by your local adult shop and pick up a copy. And if you don't find it there, let them know they should call us at 770 458 4386 and give us their mailing address.

At the end of the day, no matter what you're looking for - you may not find it in Xcitement Magazine, but you will find many titties and asses and you'll forget what it was you were looking for in the first place.

And as far as my job goes - I am a little angel these days. I live a bit healthier too - I have replaced my "Popcorn and Vodka" diet with Mushrooms and Steroids. I pluck the hair off my back every other morning, so my appearance has improved too. And just for my ex - here is a photo of my day at work. I feed seagulls 8 hours a day, 5 days a week, 4 weeks a month - and then the magazine comes out. Yes - I am that good.

This month - we reach more people. Enjoy it.
